HB 595

ALUMINIUM D STAIR RAIL BRACKET

The HB 595 Stair Rail Bracket works when you need the classic D Shape, in a contemporary colour palette. These match the dimension and style of the HB 580 and HB 590, for a cohesive look where a project requires multiple colour options.

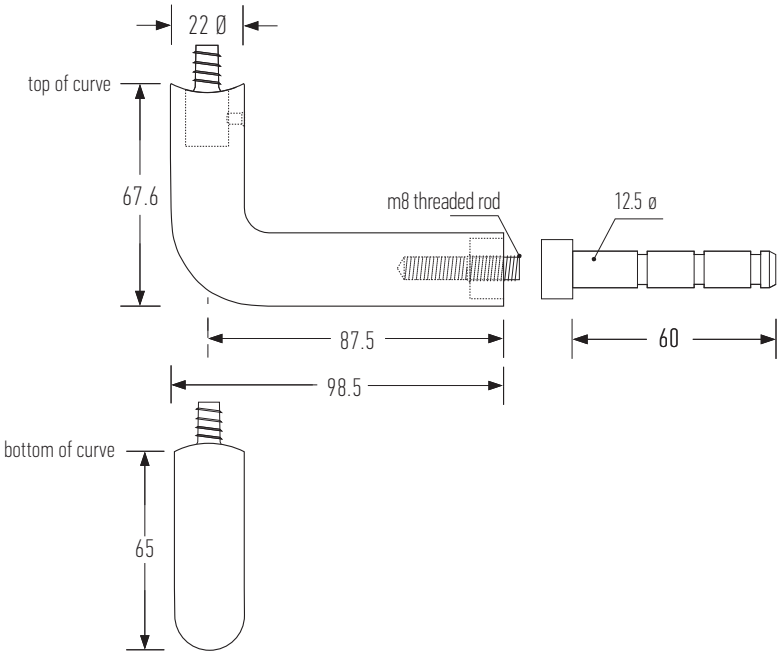
This bracket is designed for round rails (1.18-1.96" diameter) and is suitable for interior or covered exterior situations. There is currently no stainless steel alternative for this model.

Projection from wall (offstand) : 3.87"
Overall height (upstand) : 2.66"

Includes all fasteners. Epoxy required for installation, not included (please contact your local H+B dealer for further information).

Material : non-anodized aluminum alloy
Recommended Spacing : 23-32"

Available in powdercoat finishes only. See finishes sheet for further details.



Halliday + Baillie brackets are tested in accordance with both the AS/NZS 1170.1:2002 (Structural Design Actions) standards and the International Building Code, IBC (2003) to comply with the 200lb fall rating.

HB 522

GLASS FIXING KIT FOR HB 520/595 BRACKET

Suitable for 0.39-0.59" glass thickness.

Finishes to match the HB595 Bracket.

Glass fixing kits sold separately (used in conjunction with the bracket, and not as a replacement).
