

HB 677

OFFSET FLUSH PULL 250mm

Designed primarily for use with bi-fold doors, the Halliday + Baillie HB 677 Bi-fold Flush Pull is the bigger brother of the HB 675. Like its smaller counterpart the HB 675, it provides an ample lip and generous 15mm internal depth for when a more substantial grip is required. While designed for larger bi-fold or pivot doors, the HB 677 would just as well suit large sliding or swing doors, case work or can be used horizontally on drawers.

Available in both right and left-handed flush pulls – please specify handing for order.

Material : Diecast Zinc and Brass

Dimensions : 250 x 46 x 18

Internal grip depth : 15mm

Suitable for timber or aluminium doors.

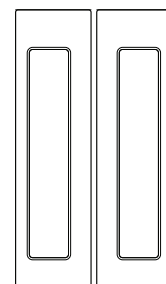

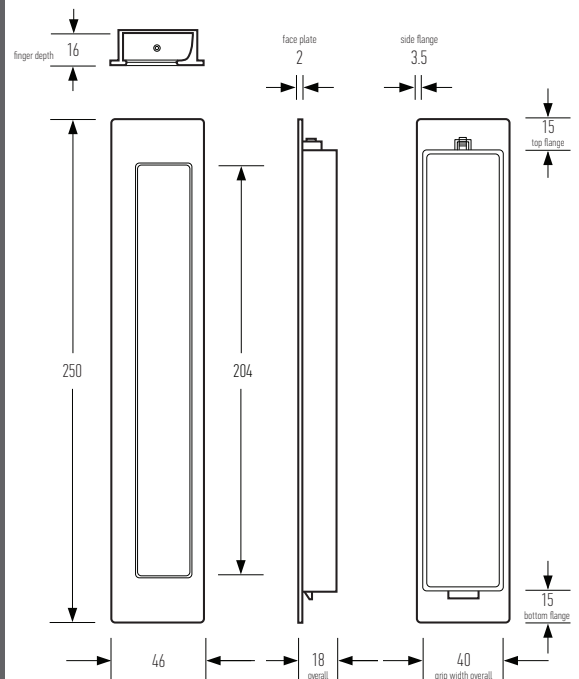

Available in all standard Halliday + Baillie finishes. See finishes sheet for further details.

Right Hand Pull showing, also available Left Handed

To be used with the HB 604 Timber Fixing Kit on timber doors, sold separately.

Left Hand Right

Designed and manufactured in New Zealand. For more information, installation templates, and measured drawings of this product and others please visit : www.hallidaybaillie.com or contact your authorized Halliday + Baillie dealer. All information subject to change.
