HB3630 SERIES

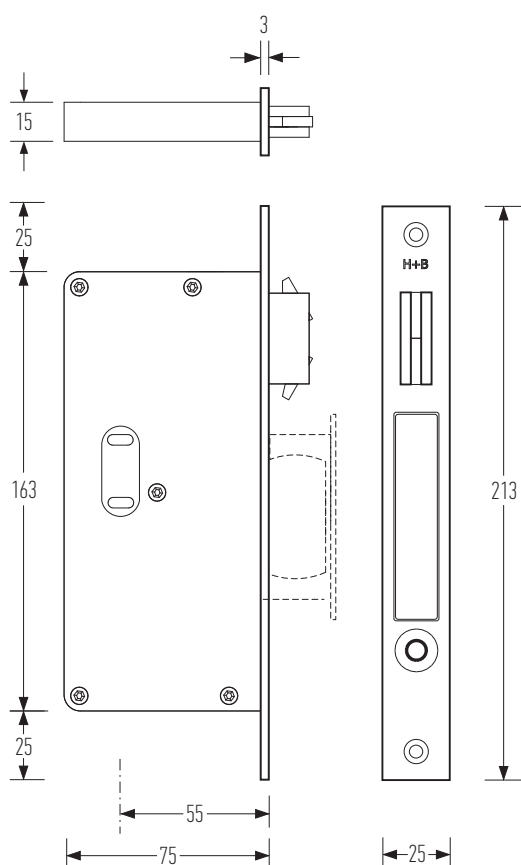

SLIDING DOOR PRIVACY LOCK 250MM

The HB3630 Series Sliding Door Privacy Lock is a refined cavity slider lock body designed for today's larger, more architectural sliding doors. It combines a discreet mortice privacy lock with a generously sized, ergonomic pop-out handle, providing a substantial, comfortable grip when opening and closing the door. When not in use, the handle retracts neatly into the door and sits flush, maintaining a clean, streamlined aesthetic.

Designed for contemporary residential and architectural applications, the 3000 Series brings privacy locking and practical door operation together in a single, cohesive solution.

- Mortice privacy lock for cavity sliding doors
- Generously sized, ergonomic pop-out handle
- Handle retracts flush when not in use
- Designed for larger, heavier sliding doors
- Minimal aesthetic with substantial functionality
- Ideal for contemporary residential and architectural applications

Material : Diecast zinc with brass and 316 stainless steel
Backset : 55mm
