

HB690 BODY REBATE KIT

A rebate kit is required to allow the lock mechanism in the HB690 bodies to be fitted correctly and securely on a pair of rebated doors. Rebated doors describe the cut or "rebate" used to shut the doors into each other. This ensures a neat and solid fit, and in external doors ensures that doors are sealed for better protection against wind and water ingress.

This rebate kit can be used with any set that incorporates the HB690 body, but is specifically designed for use on exterior doors with the following sets:

170mm Long Sliding Grip Pulls

HB 692 – Sliding Snib Set, Snib Inside, Blank Outside

HB 693 – Sliding Snib Set, Snib Inside, No Pull Outside

250mm Long Sliding Grip Pulls

HB 696 – Sliding Snib Set, Snib Inside, No Pull Outside

HB 698 – Sliding Snib Set, Snib Inside, Blank Outside

250mm Long Offset/Pivot Grip Pulls

HB 1652 – Sliding Snib Set, Snib Inside, Blank Outside

HB 1653 – Sliding Snib Set, Snib Inside, No Pull Outside

310mm Long Offset/Pivot Grip Pulls

HB 1482 – Sliding Snib Set, Snib Inside, Blank Outside

HB 1483 – Sliding Snib Set, Snib Inside, No Pull Outside

HB 1486 – Deadbolt Set, Snib Inside, Blank Outside

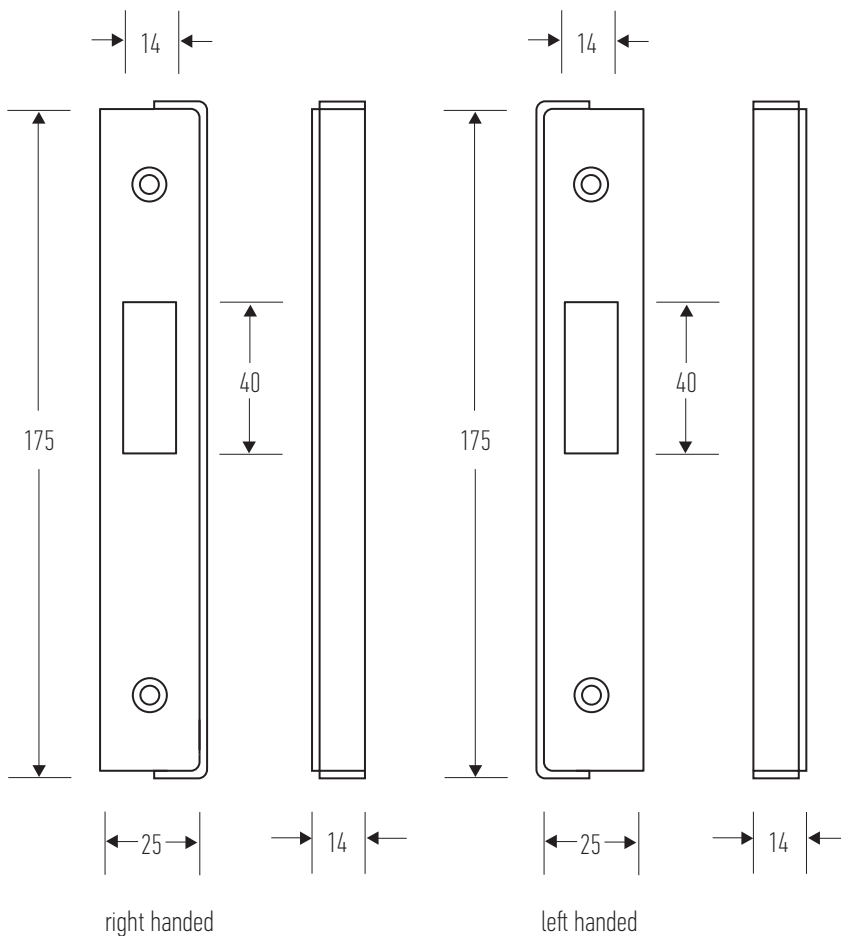

HB 1487 – Deadbolt Set, Snib Inside, No Pull Outside

310mm Long Sliding Grip Pulls

HB 1492 – Sliding Snib Set, Snib Inside, Blank Outside

HB 1493 – Sliding Snib Set, Snib Inside, No Pull Outside

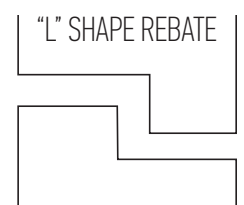

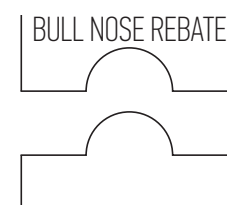

HB 690 LOCK PACKER

A rebate kit comprises two parts – a packer for the lock or latch body and a rebated strike. The rebate kit provides a surround for the lock mechanism that will level the lock and strike on the face of both doors at the point where they meet. The HB 690 Rebate Kit includes a rebate packer to sit behind the lock face, folded rebate strike plate, dust box and screws.

Rebate kits are available in finishes to match lock sets and are handed as per the photograph – handing will need to be confirmed for order.

Please note there are a number of variations of rebated door details across different manufacturers. The H+B rebate kits are designed for use primarily on L shaped rebates (use the full set) or bull nose rebates (in some instances only the packer may be required). Please contact your local H+B representative if your rebate differs from these.
